

**U. S. TRUCK BODY**

# **BODY LANGUAGE**

Aluminum • FRP • Freight Plate • Moving • Service Trade Van Bodies

## **Solid Premium Hardwood**

Our standard truck body floors are made of 1 1/8" premium domestic laminated hardwood, nothing less! Each board extends the full length of the body for both strength and lasting durability and is secured with two 5/16" countersunk screws at each crossmember.

Each board is joined to adjacent boards by ship-lap joints, with an added crusher bead used to ensure a tight seal.

*Floor shown with screw holes filled and sanded, 2 coats polyurethane varnish.*

## **So what does all this mean to you?**

It means simply that with any U.S. Truck Body, you'll have a truck floor that will be worry-free:

- no warping
- no separation of the boards
- long lasting

For more information about our floors or any other standard U.S. Truck Body quality feature, visit our web site at [www.ustruckbody.com](http://www.ustruckbody.com) or contact us at 1-800-443-0843 or by fax at 815-672-1490.
