

## **U.S. TRUCK BODY PROVIDES A FULL SERVICE RESOURCE FOR BODY & TRAILER REPAIR & REFURBISHMENT**

If your van body or trailer, built by *any* manufacturer, has taken a hit and needs repairing, look to **U.S. Truck Body** to bring it back to full utilization quickly. You might be surprised to see how little it costs as compared to new.

If a new body is *not* in the budget for this year, look to **U.S. Truck Body** to provide you with a cost effective body refurbishment at a fraction of the cost of a new body, which can add years to the life cycle of the truck.

Body repair and refurbishment at **U.S. Truck Body** in our body building factory environment can save you substantial dollars over the traditional repair shop and the typical time and material rates. Let us repair or refurbish your body or trailer "at the factory," where *all* we do is build and repair bodies!
